HEAVY DUTY 4WD FILTER KITS FUEL & OIL - TWIN PACK

X900032 ISUZU D-MAX, MU-X 3.0L
TURBO DIESEL (-07/12 - ONWARDS)

Protect your investment with heavy-duty 4WD filters from the diesel engine filtration experts.

Whereas most 4WD filter brands have been developed by automotive filter specialists, Donaldson is an industry leader in heavy-duty filtration for off-road diesel engines, and is a trusted supplier to some of the most prominent Original Equipment Manufacturer's in the world.

This Donaldson 4WD Fuel & Oil Twin Pack for Isuzu D-Max, MU-X 3.0L Turbo Diesel (-07/12 - Onwards) contains two sets of oil and fuel filters to perform two liquid filter services. Use one set now and keep the second set protected in the box, ready for your next service.

CONTAINS FILTERS FOR 2 SERVICES!

Donaldson Part No: **X900032**
